Pat

Now that the South Fork permit has been finalized and as we discussed, we are working on a permit modification request for the Vineyard Wind 1 permit. As we have looked at this closer, it seems to us that it is a rather straightforward letter format request. However, I wanted to check with you to see if there is any particular format you would like us to follow or any specific information that should be included.

If easier, perhaps we could jump on a short call to discuss.

Thanks
